Installation Tips

Before you begin installing this assembly, read all instructions thoroughly.

For a smooth fit:

For ease in installation, the product should be installed at temperatures above 72° F. Below this temperature, the fabric may contract an inch or more, making it difficult to fit to the vehicle. It is normal for fabric to contract and wrinkle when stored in the shipping carton. Within a few days after the installation, the fabric will relax and the wrinkles will disappear.

 **CAUTION** Safety glasses should be worn at all times while installing this product.

 **WARNING** This product is designed primarily to enhance the appearance of the vehicle and to shield the occupants from ordinary weather conditions. Do not rely in any way on the components of this product to contain occupants within the vehicle, or to protect against injury or death in the event of an accident. This product will not protect the occupants from falling objects. Never operate the vehicle in excess of manufacturer's specifications.

WEAR SEAT BELTS AT ALL TIMES

Read and follow, precisely, all installation instructions provided when installing product. Failure to do so may result in a poor fit and could place occupants of the vehicle in a potentially dangerous situation.

Parts List

Bikini

Qty - 1

1 Orient Bikini on Vehicle

Locate the Sun Cap Plus and orient it on the vehicle. Drape it over the sport bar and insert the front of the Safari Bikini Top into windshield channel.

2 Secure Long Web Strap

Locate the long web strap sewn to the center flap inside the top. Wrap the strap around the horizontal tube of the sport bar and pull it toward the front of the vehicle. Thread it through the footman loop located above the windshield. Pull the end of the strap back and thread it through the buckle on the strap. Do not pull the strap tight at this time.

3 Secure Corner Straps

Locate the straps sewn to the rear corners of the Sun Cap Plus. Pull the straps toward the rear and wrap them under the seat belt assembly mounts and around the rear sport bar. Pull them tight up towards buckle and thread the ends of the straps through the buckles. Pull the straps tight.

4 Secure Bikini Behind Doors

Locate the web straps sewn to the top at the rear of the door opening (near the center seam of the bikini). Wrap the strap around the Horizontal Bar and under the Vertical Sports Bar at the rear of the door and thread it through the buckle. Pull the strap tight.

Make sure that all the straps are as tight as possible.

Care and Maintenance of your Bestop Product

Your Bestop product is made of the finest materials available. To keep it looking new and for the maximum possible wear, it will need periodic cleaning and maintenance.

Washing: The fabric should be washed often using soap, warm water and a soft bristle brush. Rinse with clear water to remove all traces of soap or use Bestop-recommended Bestop Cleaner and Bestop Protectant. Bestop Cleaner and Bestop Protectant are specially formulated to provide a total cleaning and protection system. Bestop Cleaner will not harm vehicle finish, is biodegradable and environmentally friendly. Bestop Protectant protects against UV-fading, cracking and hardening.

Water: Seeping through at the seams may be stopped by applying 3-M Scotchgard® on the inside of the seams. Rips in the fabric may be repaired with Bondex® iron on patches. Iron the patches to the Inside of the top, carefully following the Bondex® instructions.
